

SYNERGY INDUSTRY

Cylinder Manufacturing Equipment

SI03A-01 Cylinder Rolling Machine

**Suitable for: Diameter 85mm to 250mm,
Length as 500mm 1kg to 12kg dry powder
fire extinguisher**

SI03A-02 Cylinder Rolling Machine

**Suitable for: Diameter up to 400mm,
Length as 1000mm Trolley dry powder
fire extinguisher**

SI03A-03 Cylinder Hydraulic Machine

**100tons: Suitable for 0.5kg to 5kg dry powder fire extinguishers
200tons: Suitable for up to 12kg dry powder fire extinguishers**

SYNERGY INDUSTRY

Cylinder Processing Machine

SI03B-01 Cylinder Cutting and Grooving Machine
Suitable: 0.5kg to 12kg Dry powder Fire Extinguisher
Function: Cut and make the groove at the bottom of cylinder after hydraulic or rolling

SI03B-02 Cylinder Marking Machine
Suitable: 0.5kg to 12kg Dry powder Fire Extinguisher

SI03B-03 CO2 Cylinder Neck Ring Threading Machine

SYNERGY INDUSTRY

Welding Machine

SI03C-01 Digital Automatic Double welding Machine

Straight Welding Machine

SI03C-02A: Length up to 600mm

SI03C-02B: Length up to 1200mm

SI03C-03A Ring welding single ring

SI03C-03B Ring welding double ring

SYNERGY INDUSTRY

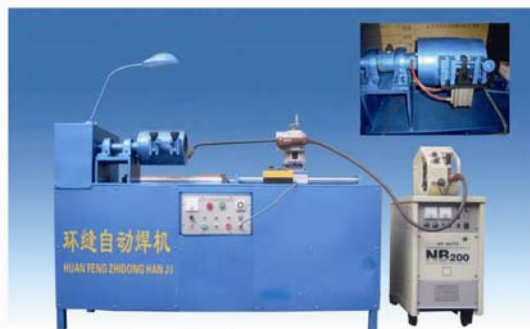

Welding Machine

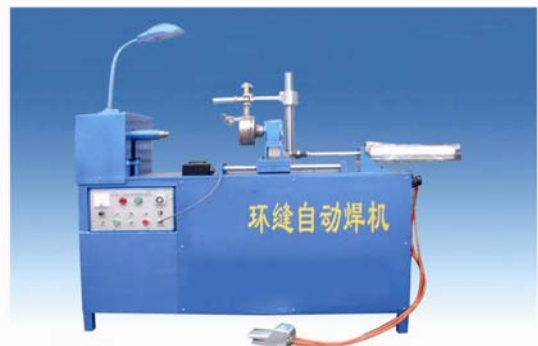

SI03C-03C Ring welding tribble ring

SI03C-04A Straight inside welding

SI03C-04B Inside ring welding

SI03C-05 Base welding machine

SYNERGY INDUSTRY

Test Machine

SI03D-01 Dry powder cylinder hydraulic test machine

SI03D-02 CO2 Cylinder Testing Machine

SYNERGY INDUSTRY

POWDER COATING LINE

SI03E-01 Automatic Powder Coating Line

SI03C-04B Inside coating welding

LABELING MACHINE

SI03F-01
